

RADinfo SYSTEMS and HIPAA

At RADinfo SYSTEMS, we are dedicated to helping all of our customers maintain their HIPAA compliance. Our products are designed to be consistent with HIPAA regulations and to facilitate the creation of a HIPAA-compliant workplace. RADinfo SYSTEMS continues to offer comprehensive solutions for data privacy, audit trails, and data transmission security, helping a facility ensure the security of its healthcare information systems.

This compliance statement does not constitute a warranty by RADinfo SYSTEMS or extend the terms and conditions of any existing warranty. Warranties of RADinfo SYSTEMS' products and services, if any, are set forth in the license agreements and contracts that accompany those products and services or under which the customer makes use of those products and services.
